## SPECIAL NOTES

**\*DMPs**                Dock Master Plans - OCRM is reviewing the listed DMPs for planning purposes only. Permitting decisions will occur when future dock applications are processed by OCRM for individual property owners. This document is used as a planning tool it is not subject to the appeal. OCRM welcomes comments from the public on these planning documents.

**\*\*WMPs**                Wetland Master Plans – OCRM is reviewing the listed WMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM, which include impacts to freshwater wetlands. This document is used as a planning tool; it is not subject to appeal. OCRM welcomes comments from the public on these planning documents.

**\*\*\*SWMPs**            Stormwater Master Plans – OCRM is reviewing the listed SWMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM. OCRM welcomes comments from the public on these planning documents.

**\*\*\*\*PERs**            Preliminary Engineering Reports – OCRM is reviewing the lists PERs for the purpose of commenting to other sections of DHEC concerning this document. OCRM will not be issuing a coastal zone consistency certification at this time but providing comments. If this proposal moves forward to the permitting process, OCRM would at that time do a full coastal zone consistency review.

**TO ALL INTERESTED PARTIES**

**ADOPTION OF NEW BEACHFRONT JURISDICTIONAL LINES  
HUNTINGTON BEACH STATE PARK, LITCHFIELD BEACH,  
PAWLEYS ISLAND, DEBIDUE BEACH**

**GEORGETOWN COUNTY**

In accordance with Section 48-39-280(C) of the Coastal Zone Management Act, DHEC has analyzed scientific data and considered public comments on the proposed new beachfront jurisdictional lines for Huntington Beach State Park, Litchfield Beach, Pawleys Island, and Debidue Beach.

After careful evaluation, DHEC has made the following conclusions:

- Huntington Beach State Park: No change from jurisdictional lines proposed in March 2010.
- Litchfield Beach: For a 600 foot section of beach in the Inlet Point community, the proposed baseline has been moved seaward 10 to 20 feet, so that it now falls along the middle, not the landward edge, of the primary oceanfront sand dune. The setback line has also been moved this same distance seaward.
- Pawleys Island: No change from jurisdictional lines proposed in March 2010.
- Debidue Beach: No change from jurisdictional lines proposed in March 2010.

Maps showing the revised line positions for these areas are available on DHEC's website at:  
<http://www.scdhec.gov/environment/ocrm/permit/beachfront.htm>

## **PUBLIC NOTICE AMENDMENT REQUEST**

The permittee for P/N# **OCRM-08-049-Y, Stephen F Deantonio**, has requested an amendment to that issued permit. Specifically, the applicant proposes to amend the existing permit for a bulkhead to a rip-rap revetment. Specifically, the applicant seeks to place granite rip-rap in front of the existing bulkhead rather than construct a new bulkhead. The proposed amendment is for modifications to an erosion control structure, on and adjacent to Wappoo Creek at 1223 Pembroke Drive, Charleston, Charleston County, South Carolina.

Written comments will be received on this amendment request until **May 31, 2010**, at the address listed below. For further information please contact the project manager, Jeff Thompson, 843-953-0219.

PERMIT APPLICATION PUBLIC NOTICE**

**May 21, 2010**

**Permit Number:** OCRM-10-065-M  
**Permit ID:** 69970

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Mirielle Griswold  
C/O Robert Frank Land Surveying  
1923 Maybank Hwy  
Charleston, SC 29455

**LOCATION:** On and adjacent to Store Creek at 1429 Wescott Road, Edisto Island, Charleston County, South Carolina. TMS#: 071-00-00-028.

**WORK:** The work as proposed and shown on the attached plans consists of replacing an existing dock. Specifically, the applicant proposes to replace the existing dock with a 4' by 47' walkway, leading to a covered 12' by 12' fixed pierhead, both with handrails. Channelward of the pierhead, a 3' x 20' access ramp will lead to a 10' by 16' floating dock. The work as described is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

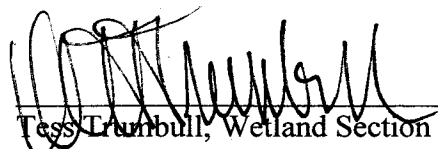

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before June 5, 2010. For further information please contact the project manager for this activity, Fred Mallett, at 843-953-0236.*

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Bellsouth Telecommunications, Inc.  
C/O Fuss & O'Neill, Inc  
717 Lady Street, Suite E  
Columbia, SC 29201

**LOCATION:** On and adjacent to Toogoodoo, McLeod, Sand, Russell and Store Creeks, within the South Carolina Department of Transportation (SC DOT) Right-of Way, beginning along Hwy 162 in Charleston County, with a terminus on Chancellor Street, Edisto Beach, Colleton County, South Carolina.

**WORK:** The work as proposed and shown on the attached plans consists of installing fiber optic cable through a 5" directional bore. Specifically, the 5" directional bore within the SCDOT Right-of-Way will either avoid or have minimal impacts to the tidelands critical area at those locations in or immediately adjacent to above tidal waterbodies. The bores will be at a minimum depth of 25' below the mean high water mark. Impacts will begin in Charleston County along Hwy 162 and then proceed to Hwy 164, from Hwy 164 to Slanns Island Road, beyond Slanns Island Road to Hwy 174, proceeding to Jungle Road on Edisto Beach, beyond Jungle Road, the project will reach its terminus on Chancellor Street in Colleton County. The work as described is to improve telecommunications. Please Note: The Army Corps of Engineers has issued a Nationwide #12 for this project.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT  
PERMIT APPLICATION PUBLIC NOTICE**

**May 21, 2010**

**Permit Number:** OCRM-10-516-A  
**Permit ID:** 69895

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Glen Dornach LLC  
c/o Robert A. Warner, PLS  
726 8th Ave N  
Myrtle Beach SC 29577-3802

**LOCATION:** On and adjacent to Atlantic Intracoastal Waterway at 4840 Glen Dornach Way, Little River, Horry County, South Carolina.  
TMS#: 118-00-03-010.

**WORK:** The work as proposed and shown on the attached plans consists of adding rip rap to an existing bulkhead for additional support. Specifically the applicant seeks to add rip rap support along base of the existing bulkheads with an approximate length of 155 feet, 65 feet and 330 feet. The rip rap will extend 6 feet up and 8 feet seaward of the existing bulkhead. The purpose of the proposed activity is for erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

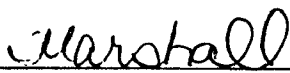

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before June 5, 2010. For further information please contact the project manager for this activity, Tanitra S. Marshall at 843-238-4528.*

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT  
PERMIT APPLICATION PUBLIC NOTICE**

**May 21, 2010**

**Permit Number:** OCRM-10-836-G  
**Permit ID:** 70037

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Ferrell Schmidt  
C/O Jennifer Helms  
2 Harbor Drive  
Harbor Island, SC 29920

**LOCATION:** On and adjacent to Fripp Canal at 416 Wahoo Drive, Fripp Island, Beaufort County, South Carolina.  
TMS#: R400-040-000-0699-0000.

**WORK:** The work, as proposed and shown on the attached plans, consists of constructing a private dock. Specifically, the structure will have a 4'x48' walkway with handrails leading to a 10'x10' fixed pierhead with water and electricity. Located on the ebb-side of the pierhead and attached by a 3'x24' ramp will be a 10'x20' floating dock. The purpose of the dock is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before June 5, 2010. For further information please contact the project manager for this activity, Geordie Madlinger at 843-846-9400.*
